The Honorable Mark Dayton, Governor, State of Minnesota, introduced by John Linc Stine, ECOS Past President and Commissioner, Minnesota Pollution Control Agency.

2:00 – 2:30 p.m.

Sustainable Materials Management Strides

Promenade Ballroom

Debris management is a critical priority for environmental agencies grappling with natural disaster recovery. Though waste cleanup is challenging and costly, disaster debris can be effectively managed via pre-planning and collaboration among stakeholders. This session will explore how states and U.S. EPA can prepare for and respond to disaster events.

- ❖ Bryan Shaw, Chairman, Texas Commission on Environmental Quality (moderator)
- ❖ Ross Elliot, Associate Director, Materials Recovery and Waste Management Division, Office of Resource Conservation and Recovery, U.S. Environmental Protection Agency

2:30 – 3:30 p.m.

State Cross-Agency Partnerships to Realize Results

Promenade Ballroom

This session will delve into how state environmental agencies can partner with peers at health, commerce, and other agencies to accomplish common goals. Minnesota state agencies will share a success story of working together to protect children from toxic jewelry and toys, and other states will offer their own replicable examples of intrastate cooperation.

- ❖ John Linc Stine, ECOS Past President and Commissioner, Minnesota Pollution Control Agency (moderator)
- ❖ Kirk Koudelka, Assistant Commissioner, Land Policy & Strategic Initiatives, Minnesota Pollution Control Agency
- ❖ Jessica Looman, Commissioner, Minnesota Department of Commerce
- ❖ Tom Hogan, Director, Environmental Health Division, Minnesota Department of Health
